At the outset, Dr. Payal Mehtani, Coordinator of IQAC committee welcomed all the members. Thereafter deliberations were held on the agenda items.
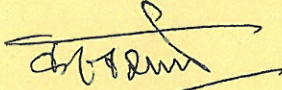

- Dr. Payal Mehtani informed the members that according to the suggestion received in the meeting held on September 10, 2018 about usage of a Google form instead of a spreadsheet for data collection, Mr. Gaurav Bagra and Ms. Amita Sharma have designed the format in Google

  form. Therefore, the agenda of the meeting was focused on discussing and finalizing the Google form format for compilation of activities of the university.
- Mr. Gaurav Bagra and Ms. Amita Sharma explained the new Google format designed by them activity data collection from different departments, guilds and cells of the university.
- The advantages of using a Google format were discussed that included the ease of filling the form using a computer or a mobile and the data is filled can be extracted in an excel format.
- The following suggestions were received:
  - ➤ Guidelines should be framed and should be circulated to all departments for filling information in the format.
  - ➤ Standard font type, size, image resolution and number etc. should be provided as a template.
  - ➤ 10th of every month should be the last date to fill data in the format for the previous month.
  - ➤ Dr. Raakhi Gupta emphasized that the format once filled and submitted should not be editable for corrections. Any sort of editing/ updating should be made by admin, only after receiving a written permission from an authorized member.
  - ➤ It was informed that the Google output is not page savvy and if a printout is taken for maintaining records then it would be too bulky. To avoid this problem, Prof. Nisha Yadav suggested that after submission of the data by respective departments/cells, the excel report can be shared with all the departments and print out of the same can be maintained in the departmental records.
  - ➤ Dr. Priyanka Mathur raised the query about the save option in the Google format. It was explained that the features given by Google form can only be used and cannot be customized as per requirements and hence save option is not available in the Google format.
- It was suggested to organize a meeting with the Heads of various departments and Coordinators of guilds to brief them about Google Activity form.
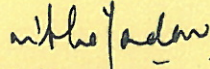

- It was unanimously decided to frame guidelines and run the Google format on test basis for collecting data for Odd semester 2018.
- The meeting ended with a vote of thanks to the chair.
