

A REPORT ON CLEANLINESS CAMPAIGN ORGANISED BY THE
DEPARTMENT OF EDUCATION, IIS (deemed to be UNIVERSITY),
JAIPUR

Cleanliness is both the abstract state of being clean and free from dirt and the habit of achieving and maintaining that state. Our Honourable Prime Minister has also started a national level campaign for the cleanliness of the country. Keeping in mind the importance of cleanliness the department of education organised a cleanliness campaign for B.A. B.Ed. and B.Sc. B.Ed. students of fifth semester on 4th September, 2018 at Sanganer Baori. The goal of this activity is to bring awareness to the students, teachers and citizens about the importance of cleaning our surroundings. The pre arrangements were done by Advocate Abhishek Sharma and his team. This activity was helpful in developing the dignity of labour and also inculcating the feeling of responsible citizenship amongst the students.
