To: Mr. J. J. J. J.

With reference to a student of jewelry designing of the JAI Institute, who has successfully completed her diploma in Jewelry Designing from 24th May 2024 to 24th July 2024, in order to our jewelry manufacturing unit.

I found her to be a positive student with keen interest in jewelry designing. Not only this she made innovative designs for jewelry in Gold, Silver and other metals with and without setting of gemstones in most precise manner. The work was done with learning interest and going above professionally and creatively.

The other thing which I would like to thank her is that she interacted enthusiastically with all sections like designing, wax / cad designing, casting, setting, polishing, micro plating etc. In fact, I know how it is difficult to provide beautiful and eye catcher designs for all type of customers in this competitive market. Obviously whatever she did - worked. She assisted with every aspect of work in all sections and took enthusiastically all responsibilities. Congratulations her and surely I will miss her and the other workers of our unit.

We all wish her a great success in her life.
